RESIDENCY PROGRAM AT  
**TriStar Southern Hills**  
**Medical Center**

# **Welcome to the Family Medicine Residency Program at TriStar Southern Hills Medical Center**

The Family Medicine Residency Program at TriStar Southern Hills Medical Center is part of the HCA Healthcare Graduate Medical Education network. HCA Healthcare is the nation's leading provider of quality, patient-centered care. We are also the leader in graduate medical education, all brought together by a single mission:

**Above all else, we are committed to the care and improvement of human life.**

In support of this mission, Tristar Graduate Medical Education strives for excellence in all our educational programs while maintaining an environment of mutual respect and inclusion.

Welcome! The TriStar Southern Hills Family Medicine Residency Program's mission is to educate the next generation of compassionate, comprehensive Family Medicine physicians. As part of HCA Healthcare, we are driven by a single mission - Above all else, we are committed to the care and improvement of human life. We are committed to delivering patient-centered healthcare that is inclusive, compassionate, and respectful.

Our residency program provides an academically and clinically rigorous training program. Our dedicated faculty provide our trainees with experience to enhance their medical knowledge, patient care skills, practice-based learning, systems-based practice, professionalism, and interpersonal skills. The residency program's curriculum is designed to provide broad clinical exposure in acute and chronic care occurring in a variety of inpatient and outpatient settings. Our trainees earn a great degree of autonomy in overseeing patient care as they demonstrate growth in the ACGME competencies. You will be a team member in an environment where residents and faculty exemplify mutual respect and commitment to the program. We are also committed to evidence-based practice and nurturing a robust commitment to scholarly activity.

We are affiliated with TriStar Southern Hills Medical Center, a 126-bed hospital that has provided high-quality healthcare to citizens of Davidson and surrounding counties for over 40 years. The hospital is committed to providing excellent training opportunities, and the residents will work closely alongside collegial attending physicians. As a graduate of our program, you will be capable of independently caring for all age groups, managing complex medical conditions and performing common office procedures.

We are committed to the personal wellness and resiliency of our resident physicians. Therefore we not only provide a solid educational experience, but also remain supportive of family and personal life. In Nashville, we are confident you will be able to achieve this balance. Thank you for considering us and I look forward to meeting you and sharing the opportunities we have to offer as you explore the next phase of your medical training.

**Ronya L. Green, MD, MPH, MBA, FAAFP**  
Family Medicine Program Director

## Our Faculty

**Ronya L. Green, MD, MPH, MBA, FAAFP**  
Program Director

Dr. Ronya Green is dedicated to providing compassionate, comprehensive primary care. She is a proud alumnae of Dillard University in New Orleans, LA. She earned a Master of Public Health from the University of Texas Health Science Center at Houston and earned a Doctor of Medicine degree at the University Of Texas Health Science Center at San Antonio. Dr. Green is board certified in Family Medicine and a Certified Physician Executive in the American Academy of Physician Leaders.

**John Matthew Ducey, MD**

Dr. Ducey joined the Tristar Medical group in the summer of 2015. He is originally from Wareham, MA and did his medical school at the University of Massachusetts - Worcester. He completed his family medicine residency at Wake Forest in Winston-Salem, NC where he served as Chief Resident where he really enjoyed being able to teach. Dr. Ducey is board certified in family medicine and loves seeing the entire family including infants and seniors with a focus on preventative care and chronic diseases, especially diabetes. He does a variety of in office procedures including minor skin procedures, joint injections, and women's health. In his spare time he loves spending time with his wife and three daughters, playing golf, tennis, and board games.

**Christopher Holloway, MD**

Dr. Holloway received his Medical Degree from the University of Virginia School of Medicine in Charlottesville, VA. He completed his residency training with Chesterfield Family Practice in Richmond, VA and has been with TriStar since 2002. Dr. Holloway is Board Certified in family medicine and is a member of the American Academy of Family Physicians.

## **Kelsey Hyland**

Practice Manager

Kelsey Hyland is a native of Franklin, TN. She is a proud alumni of Auburn University where she studied Health Services Administration. Kelsey has been with TriStar since 2016.

## **Rahul Kashyap, MD, MBA**

Rahul Kashyap, MD, MBA, is a physician scientist, serving as Division Research Director for Tristar Division at Nashville, TN. He holds an academic rank of an Assistant Professor of Anesthesiology at the Mayo Clinic. He is an MBA graduate from Augsburg University, Minneapolis. He has published 250+ peer-reviewed research articles in prestigious medical journals, several book chapters and wrote a book, titled- "Mayo Clinic Critical Care Case Review". Dr. Kashyap is the Principal Investigator of VIRUS-COVID-19 Registry- <https://sccmccovid19.org/>. He had several NIH, FDA and CDC grants for his research projects. He is an award-winning public speaker and has received recognition for exemplary research, quality improvement and leadership. Dr. Kashyap is also the co-founder of MentorSeed- a mentor-mentee matching platform. He has enjoyed mentoring medical students, research fellows, residents, clinical fellows, and faculty members for past 14 years.

## **Ricky Patel, MHA**

Program Coordinator

Ricky Patel is a native of Middle Tennessee. He is an alumni of the University of Kentucky. He earned his Masters of Healthcare Administration at the University of Memphis.

# Rotation Schedule

## Family Medicine Curriculum

The Family Medicine residency program is a structured three-year program focused on providing our residents with the experiences needed to provide comprehensive care to patients of any age. Residents will receive a robust experience of inpatient and longitudinal continuity Family Medicine care with additional experiences in surgical and medical subspecialties to broaden the depth and scope of chronic illness management. At the end of program training, residents will demonstrate ability to provide and lead a robust practice of interdisciplinary-focused family medicine.

## About Nashville, TN

Our program is located in Nashville, TN, nearly 15 minutes from downtown Nashville. Nashville is known as the “Music City” and home to legendary country music venues such as the Grand Ole Opry, the Country Music Hall of Fame and Museum and the historic Ryman Auditorium. Nashville is also home to four professional sports franchises.

## Fun Facts About Nashville

- Nashville is ranked #11 for the most popular destinations in the United States according to TripAdvisor
- Nashville landed on Travel + Leisure's list of The Best 50 Places to Travel in 2021
- The 2019 NFL Draft was hosted in Nashville and was named Sports Event of the Year in the 2020 Sports Business Awards
- Major industries in Nashville: Healthcare, Music Production, Finance, Higher Education, Technology, Tourism
- Centennial Park is home to the only real replica of the Greek Parthenon
- Nashville is known for hot chicken – the chicken is now called “Nashville Hot Chicken” all across the United States
- Nashville has over 180 live music venues
- Nashville houses 3 Major League Sports Teams
  - The Tennessee Titans
  - The Nashville Predators
  - The Nashville Soccer Club
- The Harpeth River makes its way through Nashville and is frequented by kayakers, canoers, and other water enthusiasts.
- The Music City Walk of Fame holds induction ceremonies for all types of musical influences from Kings of Leon to Elvis Presley
- The Nashville Sounds Baseball Club is the city's minor league team who plays at First Horizon Park in the popular neighborhood, Germantown
- Zanies Comedy Club has brought the city laughs since 1983 and showcased some of the most famous comedians
- Nashville is known for their Greenways, which are linear parks and trails that connect neighborhoods to schools, parks, shopping, and work. They are often located along streams, rivers, and ridges - great for walkers, runners, and bikers.

# About HCA Healthcare GME

HCA Healthcare is a comprehensive healthcare network with over 275,000 colleagues across more than 2,000 care facilities all committed to creating a positive impact every day. We continually invest in our colleagues and facilities to better serve our patients and local communities. The Graduate Medical Education (GME) programs seek to inspire tomorrow's physicians to care for and improve human life by focusing on patient-centered approaches to practicing the latest evidence-based medicine.

**To learn more about the benefits and expectations of training with an HCA Healthcare program, view our [Resident and Fellow Manual](#).**

Our residency and fellowship programs are in **59**  
hospitals located in **16** states

- ⊙ Residency or Fellowship Program

## Size

HCA Healthcare Graduate Medical Education is the largest sponsor of residency and fellowship programs across the nation.

**4,637**  
residents

**289**  
fellows

**218**  
specialty programs (residencies)

**79**  
sub-specialty programs  
(fellowships)

## Scholarly Activity

HCA Healthcare Graduate Medical Education provides a critical link between vigorous scholarly activity and real-world patient care from a sophisticated data repository of more than 32 million patient encounters each year.

**2,500+** HCA Healthcare GME scholarly activities in 2020-21.

## Clinical Training

Each year approximately five percent of all U.S. hospital services happen at an HCA Healthcare facility, including:

**32+ million** patient encounters  
**7.4 million** emergency room visits  
**215,000+** babies delivered

HCA Healthcare Graduate Medical Education is a leader in clinical experience.

- Nationally known physician expertise across the country
- Investments in facilities allowing the advancement of patient care
- High emphasis on simulation results and low patient incidents
- Higher patient touch than academic facilities
- Annual collaborative mass casualty event team training

# A commitment to scholarly activity

Based on more than 32 million patient encounters each year, our scholarly activity bridges the gap between compelling evidence and exceptional patient care.

Our experiential learning is rooted in evidence-based medicine that leads to innovative, **real-world patient health solutions**.

Merging the rigor of **ACGME** accreditation with high patient touch, our residents and fellows deliver evidence-based care that demonstrates our mission to care for and improve human life.

We offer **National Grand Rounds** that leverage accomplished clinical expertise from across HCA Healthcare, bringing the nation's leading medical experts to our residency and fellowship programs.

#### **Notable Publications**

- American College of Physicians
- Society of Hospital Medicine
- American College of Surgeons

## **Influential Collaboration**

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated researchers to guide them through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

**HCA Healthcare Scholarly Commons** is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. During 2020, readership of those works eclipsed the 25,000 mark. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients. In its first year of publication, the journal disseminated 86 articles in six issues as well as a seventh special issue on the COVID-19 pandemic.

# About HCA Healthcare

HCA Healthcare is one of the nation's leading providers of healthcare services and is comprised of 186 hospitals and more than 2,000 sites of care including surgery centers, freestanding ERs, urgent care centers, diagnostic and imaging centers, walk-in clinics and physician clinics in 20 states and the United Kingdom. With its founding in 1968, Nashville-based HCA Healthcare created a new model for hospital care in the United States.
