

John R. Roberts, Medical Doctor
Buffy Cato, Practice Manager

Test Results Policy

It is a policy of this office that the physician or staff does **not** give **any** test results out over the phone to the patient or the patient family member. It is our belief that the best practice is for the patient to make an appointment with their physician to jointly review the test results.

If you do not have a return appointment, please let us know and we will be happy to get you in to see your physician within 5 days after your test has been completed.

Email Address

If you would like your appointment reminder, pre-op instructions and testing date reminders sent to you on email, please enter your email below.

Your email address will only be used for the following in addition to the above information. We will send out one survey after each doctor's visit so that you may tell us how your visit to our office went. Good or bad we want to hear from you. Thanks in advance.
