Thank you for your interest in the HCA Healthcare/ USF Morsani College of Medicine GME Programs- Brandon Regional Hospital; Emergency Medicine (EM) residency program.

This three-year program is designed to provide residents the broad experience, knowledge and clinical skills to excel as an emergency medicine physician. With the combined resources of Brandon Regional Hospital and Blake Medical Center, we offer a well-rounded emergency medicine training experience, with exposure to Trauma, Pediatrics and two very busy emergency departments. Not to mention that our residents obtain additional pediatric emergency medicine and pediatric trauma experience through our partnership with Johns Hopkins All Children's Hospital (JHACH).

Our Faculty consist of specialty trained EM physicians in Research, Ultrasound, Simulation, International Emergency Medicine, Administration, Palliative Care, Addiction Medicine, and EMS Medicine to contribute to a well-rounded curriculum in EM. We also are fortunate to be a program under the sponsorship of the HCA Healthcare/ USF Morsani College of Medicine GME Programs, giving us extensive resources available in the areas of scholarly activity and clinical excellence. All of our Core Faculty have their Professor-ranking at the USF Morsani College of Medicine.

The goal of our program is provide the necessary tools to motivate and inspire our residents to rise up as world class leaders in emergency medicine upon graduation whether it is in a community hospital, academic setting, or post-residency fellowship training.

## **Influential Collaboration**

HCA Healthcare residents and fellows have access to talented, highly skilled teams of faculty, industry experts and dedicated research teams to guide residents and fellows through their journey. Residents and fellows produce evidence that drives future practice by leveraging HCA Healthcare's national clinical data warehouse – the heart of our data ecosystem.

**HCA Healthcare Scholarly Commons** is a platform to collect, share and publish the variety of academic work created by the Graduate Medical Education community. It is a collaborative, open access resource developed to discover and showcase our contributions to medical knowledge. Included on this platform is the **HCA Healthcare Journal of Medicine**, a peer-reviewed scientific periodical focused on innovation, enhanced quality and developing new knowledge in clinical care and medical education for the benefit of all patients.

# About HCA Healthcare
